

About Bella Vita

Our goal is to provide a fun and relaxing atmosphere for a spa experience that everyone can afford! We offer services that include: eyelashes, permanent make up, nails, massages, skincare, waxing, and hair. We are a MMA Free Salon! Files and buffers are not reused and each customer gets a pack used only once. Our spa chairs are also PIPE-LESS, which means the water is not re-circulated through whirlpool pipes, ensuring all parts of the spa bowl are bacteria free and clean. All tubs are lined with a clean, sanitized plastic liner for each and every customer, guaranteeing extreme cleanliness. We are dedicated to providing you with the most natural and sanitary nail care available. All of our implements are sterilized using hospital-grade procedures to ensure your health and safety.

What sets us apart from other salons is that we are truly a one stop shop as we provide a nice selection of clothes and accessories in our boutique at great prices!

Come try us and see the difference
